"To a bigger family, the meals provided may only feed them for the weekend, but to us, the meals can last us a few days. I really don't know what we would do without that additional help. We are blessed and thankful for Hungry Souls."

Ruth B. | Hungry Souls Program Participant

Ministry in Numbers

Our small staff coordinated the efforts of more than 350 volunteers to provide meals for students and their families at 24 schools across the Central Texas area – including the addition of 98 families through our partnership with Dripping Springs ISD. In 2021, generous supporters gave \$756,500 to provide meals for food insecure students and their families to help share the love of Jesus.

Looking Forward

We saw exponential growth – both in need and support – in 2021. For 2022, we are on track to add 50-75 students and their families this fall which equates to more than 20,000 additional meals. We are also planning to transition our backpack program in Dripping Springs to our full feeding program which will provide six meals per weekend for our families. To learn more about the exciting things we're doing to fight food insecurity and how you can get involved, visit our website or follow us on social media.

Feeding Our Neighbors

In the fall, we added schools in Dripping Springs expanding our footprint in the Central Texas area reaching 24 schools.
